SEASON 1931-32.

IN offering our Trade List for the coming season we beg to state our stocks are all in splendid saleable condition. In addition to those enumerated, we have lots of other lines, but not sufficient to quote in quantity. We shall be most pleased to answer any enquiries.

We take this opportunity in thanking our customers for the liberal patronage bestowed on us during the past seasons, and trust to merit the same during the coming.

R. CHEESEMAM & SONS.

Unknown correspondents are respectfully requested to forward CASH with their orders, or refer to a Melbourne firm.

TERMS OF CREDIT: All accounts are due within one month from date of invoice; a discount of $2\frac{1}{2}$ per cent. (6d. in the £) being allowed. No discount allowed off overdue accounts.

All goods are delivered free at the wharves, railway stations or carrier's office. A receipt is taken "in good order and condition," after which our responsibility ceases, and the goods travel at the risk and expense of the purchaser.

Cases, etc., used for packing, are charged for at cost of materials only, and are allowed half for if returned to North Brighton station sound and prepaid. Returned empties must be advised.

Orders will be executed strictly in rotation. Lines can only be supplied as long as our stocks specially set apart for the purpose of this list are available.

Half dozen will be supplied at the dozen rate; 50 at 100 rate.
